

## *Friendship Force of Greater Milwaukee*

---

*Welcome!*

*On behalf of over 130 members of The Friendship Force of Greater Milwaukee, I'm pleased to welcome you to our club's internet link to the world. We hope your visit to our website will help you to learn more about our club and the great city we call home.*

*During the 17 years our group has been active, our members have welcomed ambassadors from all corners of the world into our homes. We've also traveled to share home-stays with families in over 20 countries.*

*Our members are committed to using the force of friendship to help build a world of peace. In 2006 our members traveled to Slovenia and we hosted ambassadors from Russia and Japan. Our plans for 2007 will bring us together with new friends in The Netherlands and Cypress.*

*We hope you will enjoy your introduction to The Friendship Force of Greater Milwaukee, and we invite you to contact us to learn more about our great club and our wonderful city.*

*In friendship,*

***Doris Small,***
